

Full Tariff Terms and Conditions

1. eSIM Purchase.

- 1.1. The Basic tariff costs €19.90. The initial balance of the subscriber number is €3.
- 1.2. The Max tariff costs €34.90. The initial balance of the subscriber number is €25.
- 1.3. The Exclusivo tariff costs €59.90. The initial balance of the subscriber number is €59.90.
- 1.4. The cost of purchasing an additional number is €20. The balance of the additional number is €5.
- 1.5. An additional value-added tax (VAT) applies to EU residents.

2. Internet.

2.1. Mobile internet is consumed when accessing any online resources, including:

- Installation and activation of the eSIM profile;
- Downloading apps from the Apple Store, Google Store, or automatic updates;
- Push notifications;
- External websites opened via built-in browsers within unlimited services;
- Unlimited services using traffic compression or proxy;
- Use of VPN connections.

2.2. Popcorn Mobile does not restrict access to any online resources, however, certain local operators may block individual online resources by order of local authorities.

2.3. The mobile internet access point is send.ee. The APN is configured automatically and does not require manual adjustment.

2.4. Mobile internet traffic is rounded up. 1 Gb = 1,000 Mb, 1 Mb = 1,000 Kb.

2.5. The maximum internet speed depends on the roaming partner's technology. In case of heavy network load, the internet speed may be reduced without prior notice to the subscriber.

2.7. Tariffs on the island of Saint Martin may differ, as part of the island belongs to the Kingdom of the Netherlands (Netherlands Antilles tariff), and part is an overseas territory of France (Guadeloupe tariff).

2.8. A mobile internet package is a service providing a specified amount of traffic for use within a set time period. Each package is valid in several countries, and when moving between them, the shared package traffic is used. Funds for the activated package are deducted immediately. Cancellation of an activated package is not possible, and no refunds are issued.

3. Outgoing and Incoming Calls.

3.1. Calls are charged per minute. All outgoing and incoming calls lasting from 1 second to 1 minute are rounded to 1 minute.

3.2. When calling a subscriber located in one of the destinations listed in Appendix 3, the per-minute cost is added to the Extra tariff rate.

Example: A subscriber is in Germany and calls a landline in Botswana using Popcorn Mobile. The cost per minute will be €0.35 for the standard rate from Germany + €0.15 of the Extra tariff for Botswana.

3.3. When making a call to a satellite communication number, the per-minute cost is added to the Extra tariff rate.

Example: A subscriber is in Germany and calls a satellite phone of International Networks Seanet Maritime using Popcorn Mobile. The cost per minute will be €0.35 for the standard rate from Germany + €2.45 of the Extra tariff.

4. Outgoing and Incoming SMS.

One SMS in Latin characters can contain up to 160 characters; one SMS in Cyrillic — up to 70. If the message exceeds these limits, it is split into parts. Each part is charged as a separate SMS. SMS to short numbers (three to six digits), as well as access to content providers via short numbers, are charged separately.

5. Other Services.

5.1. The cost of a printed balance statement is €10 per calendar month of the reporting period. Any number of days within a month counts as a full month.

Example: for a request from March 30 to April 2, the fee is charged for 2 calendar months.

5.2. Number transfer to another eSIM after the limit for independent transfers is exceeded (for any reason) — €5. Transfer period — up to 5 business days.

5.3. Number transfer to another eSIM in case of device loss (within the transfer limit) — €5. Transfer period — up to 5 business days.

6. Balance Top-Up.

Balance can be topped up via the Popcorn Mobile website. The minimum top-up amount is €20. The maximum top-up amount is €249.99.

7. Number Usage Period. Suspension/Termination of Number Use.

7.1. Right to use the number and extension:

- The user has the right to use the subscriber number for 180 days from the eSIM purchase date (including the purchase day).
- The validity period extends by 180 days from the date of the last paid action that decreases the balance (outgoing call, outgoing SMS, data session). Purchasing a data package without activation is not considered a paid action.
- If the number remains inactive for more than 180 days, it blocks.
- Number recovery is possible within 30 days of blocking.
- If the user does not request unlocking within 60 days, the number is recycled and cannot be restored.

7.2. Profile deactivation:

- If the SIM card is not used within 270 days, the profile is deactivated, and contractual relations between the user and Numtoo OÜ are considered terminated.
- The service fee for a blocked number is €20 per day, but no more than the available balance. It is deducted daily from the date of blocking until the balance reaches zero.

7.3. If a negative balance persists for more than 7 consecutive days, the number is blocked, and services resume after topping up the balance.

7.4. Special conditions for numbers purchased before June 1, 2024:

7.4.1. Numbers purchased before June 1, 2024, retain the right to be used until January 31, 2026. The extension does not apply to numbers:

- With a negative balance.
- That have had no activity involving a balance deduction (outgoing call, outgoing SMS, or data session) by January 31, 2024.
- Purchased but not installed on a mobile device, or with a balance of €5 or less, provided there has been no activity involving a balance deduction (outgoing call, outgoing SMS, or data session) since the time of purchase.

Such numbers will be placed into rotation under the general terms.

7.4.2. After January 31, 2025, numbers that have had no activity for more than 180 days (outgoing call, outgoing SMS, or data session) and have been used exclusively within the territory of Russia (confirmed by monitoring data), will be placed into rotation upon request from the regulator or the provider Top Connect OÜ. The remaining balance of a blocked number is preserved for the subscriber until January 31, 2026, and the subscriber may request a new number with the restoration of the remaining balance. The cost of restoring a number is €3 and will be deducted from the subscriber's balance. After restoring the balance and receiving a new number, services are provided under the general terms.

7.4.3. If a paid action (outgoing call, outgoing SMS, or data session) is registered before the number is placed into rotation, the validity of the number is extended by 180 days.

7.4.4. A number retention service is provided upon request for subscribers wishing to keep a specific number. It is available only for numbers purchased, activated, and used within the territory of Russia (confirmed by monitoring data). The cost of the service is €5 per year, deducted from the subscriber's balance.

7.4.5. In case of disputes regarding the status of a number or the need to confirm activity, the data from Numtoo OÜ's monitoring information systems shall take priority.

8. Miscellaneous.

8.1. The COMPANY has the right to amend or supplement the full tariff terms. The CLIENT agrees that changes and/or additions introduced by the COMPANY become binding from the effective date. The COMPANY must publish the new terms or changes at www.popcorn.tel no less than 2 (two) calendar days before the effective date. There is no obligation for the COMPANY to inform the CLIENT about changes via phone or email.

8.2. Fair Usage Policy for mobile internet traffic.

Users are hereby notified that mobile internet access services are governed by fair usage policies. These policies aim to ensure fair and equal access to network resources for all users.

We reserve the right to control and restrict mobile internet connection speed if traffic abuse is detected.

Abuse includes:

- Excessive traffic use significantly exceeding average levels compared to other users;
- Using the network in ways that may disrupt our or third-party services;
- Using the network for illegal activity or actions violating company policy.

If your use is found to violate fair usage principles, we may:

- Notify you of the detected violations;
- Temporarily or permanently reduce your internet speed;
- Apply other measures under the service terms.
